

First gathering of the SIT Innovation Community in the Netherlands

From the ASIT newsletter, <http://www.start2think.com>

* * * * A Special Message for our Dutch readers * * * *

Based in the Netherlands? Interested in systematic innovation?

On June 22nd , in Antropia, Driebergen, you are invited to participate in "Using SIT for Results", the first gathering of the SIT Innovation Community in the Netherlands. (Details on place, content and registration at <http://www.sit-netherlands.com>)

* * Important! All ASIT techniques newsletter readers are entitled to 10% off the early bird price until March 28th. Just state clearly that you are an ASIT reader and you'll get the discount.

The meeting will be centered around SIT - Systematic Inventive Thinking(tm) (which is the same as ASIT), a non-brainstorming approach to creativity and innovation, that is being used in hundreds of companies, in over 25 countries around the world, achieving real results. (More about the uses of SIT in <http://www.sitsite.com>) .

This meeting is the foundation of a COMMUNITY. Dozens of individuals, companies and consultants in the Netherlands are already using SIT to make themselves more innovative. We will all share this experience in the meeting to help each other achieve practical results. (Read the day's agenda, and find how you can take part in <http://www.sit-netherlands.com>)

And finally - we absolutely promise 2 things:

- a) Everything will be designed so that you can go out and do something practical;
- b) We - SIT - share all we can with you, and encourage the creation of an Innovation (Seekers) Community.

Join us at <http://www.sit-netherlands.com> , and write to us with your thoughts.

See you there

Amnon Levav

SIT International
